Terms and Conditions of Sale

Credit and Payment Terms

Nevers Industries does not allow for automatic open account terms for new customers, current customers whose accounts are in arrears, nor for individuals, or non-commercial purposes. A credit application will be sent to each new customer. **New customers are encouraged to begin establishing a credit rating with Nevers Industries prior to placing an order.** Our customers are responsible to provide the necessary current and accurate information. Orders are 50% due upon receipt and 50% net 30 if approved. Nevers Industries will apply a 1-1/2% per month service charge to all past due accounts. Accounts that are 90 days past due will be subject to collection proceedings without any additional notice. If legal action is necessary to settle collection proceedings, the purchaser agrees to pay Nevers' incurred legal representation fees and/or court costs. Orders will not be processed for past due accounts until the amount due, including any service charges, is paid in full. Orders will not be scheduled for production until the deposit is received. **A bank letter of credit may be required for any order over \$50,000 net.**

Prices

Our prices are list; freight prepaid, F.O.B. Maple Grove, Minnesota, and are subject to change without notice. Quoted prices must be accepted within 30 days or re-quoted for date and approval. Freight is prepaid and allowed for normal ground transportation within the 48 contiguous states, must ship to dock location. Air freight, will calls, and special delivery will be quoted and invoiced separately. Prices do not include installation, storage, or sales tax.

Packaging

Nevers Industries' pricing includes packing for North American shipment. Only environmentally safe packing materials are used. Large furniture pieces will be packed with wood reinforcements for added protection. For special packaging, crating or overseas shipment, please contact Nevers Industries for a quote.

Delivery

Nevers Industries will select the method of shipment, carrier, and routing. Carrier selection is solicited to provide the best service to each customer in their location. All shipments are sent prepaid, FOB Maple Grove, Minnesota. **Nevers Industries' liability ends when the carrier issues a receipt to Nevers Industries. This is acknowledgement by the transportation company that the shipment has been received by the freight company in good condition and title of the goods and risk of loss transfers to the buyer. The order shall be considered complete.** Prepaid freight does not change the F.O.B. status of the product and risks involved in Invoices relevant to the partial shipments are payable as they fall due.

Freight Terms

All orders under \$2,000 net are subject to a minimum order/additional freight charge of \$275 net; Nevers Industries also reserves the right to establish a freight and fuel surcharge fee to cover variable freight costs. This charge will be established at the time of order.

Lead Times

The lead time on an order begins when Nevers Industries receives the deposit and the signed drawings. All acknowledgments will contain the estimated shipping date. We are not responsible for delays in scheduling or failure to make scheduled shipping date due to strikes, lockouts or other labor complications, war, riots, Acts of God, fires, accidents, restraints affecting shipment or credit, reduced supply or excessive cost of fuel or raw material, delays from suppliers, compliance with Government regulations, or other unforeseen contingencies. When delays in final product delivery dates are caused on the part of the purchaser, we reserve the right to invoice up to 100% of the remaining

contract amount and, in addition, to charge the purchaser any costs associated with delivery delays.

Order Acknowledgement

All orders are subject to final acceptance by Nevers Industries. Receipt of our acknowledgement indicates acceptance of your order subject to our terms and conditions. If pricing on the purchase order is different than the acknowledged pricing, the acknowledgement will take precedence over the purchase order. Nevers Industries attempts to clarify all orders. But in the event of any discrepancy, please notify Nevers Industries immediately. Failure to notify Nevers Industries of a discrepancy within 48 hours will constitute acceptance of the order as acknowledged. All orders are subject to credit approval at any time.

Change Orders

Nevers Industries will make every attempt to honor any reasonable engineering, production, or shipping change request approved by Nevers Industries. Change orders will be accepted only if the request is made in writing and received in time to comply with established delivery dates. Nevers Industries reserves the right to increase our acknowledged price and adjust lead times to make the requested changes. Nevers Industries will assess charges to the customer for change orders, cancellations, and delivery deferrals as stipulated in the following:

Change Order Charges

Received prior to signed approval drawings will be charged up to \$500 net. All changes are subject to price/lead time review by Nevers.

Changes received after signed approval drawings, but prior to production, will incur fees associated for any work done by Nevers Industries plus the up to the \$500 maximum net charge above.

Cancellations:

Cancellations after receipt of the purchase order will be assessed the **total accumulated cost of the project** plus up to \$500 net cancellation charge

Deferred Shipments/Storage by the Manufacturer

All merchandise will ship upon completion of production. No shipment can be postponed by the customer. If customer is unable to take delivery of merchandise when ready for shipment, Nevers Industries may transfer the merchandise to storage. All on-site cost for storage and freight will be at customer's expense. Transfer to storage will be considered delivered for all purposes including invoicing and payment. The customer must acknowledge that title of the goods stored and risk of loss transfers to the customer. Customer will bear the risk of loss or damage during storage. Deferred shipment charges will be assessed from the completion date. Storage is subject to a minimum of \$70.00 net /day storage fee.

Shipment Claims

Legal title of merchandise passes to the buyer upon acceptance by the carrier. The buyer must inspect all cartons on arrival for visible or concealed damage. In the event of visible freight damage, the buyer must make a notation on the freight bill; immediately notify Nevers Industries for an inspection; and file a freight claim. Do not sign the receipt until the visual inspection is complete at the time of delivery. If concealed damage is discovered, Nevers Industries must be notified within **5 days**. **Keep all packaging materials for inspection (do not destroy). Failure to do so may impair or cancel the ability to make a successful claim.** Do not install damaged product. Caution: When a clear receipt is obtained by a carrier, the carrier is no longer responsible for damages or shortages. Damaged freight cannot be refused by the consignee (buyer). Processing claims for damages and shortages are the responsibility of Nevers Industries. At no time can claims be deducted from our invoices.

Returns

All Nevers Industries products are made to order. Therefore, merchandise may not be returned without specific consent from Nevers Industries. Unauthorized returns will be refused by the shipping department.

Miscellaneous

All merchandise shown in our catalog is the property of Nevers Industries. We reserve the sole right to manufacture and distribute it. All patterns, tools, and designs developed for the production of any product will remain the property of Nevers Industries. All published dimensions are approximate and if the exact sizes are critical, we suggest that you request actual measurements. Price list data supersedes all other specifications, whether verbal or written, and may not be altered without the written consent of an officer of Nevers Industries. Typing and clerical errors on any agreement, publication, correspondence, price list, or product literature pieces are subject to correction at any time without notice. Due to variations beyond our control, all wood and upholstery products are subject to slight variations in color, texture, and grain.

Disclaimer

Nevers Industries reserves the right to change prices, specifications, fabrics, dimensions and finishes at any time without prior notice. This right to change also applies to discontinuing models at any time, as well as catalog and price list contents.

Warranty

Nevers Industries, Maple Grove, MN warrants its products to be free from defects in material and workmanship for a period of 10 years from the date of shipment to the customer.

Our warranty covers Nevers Industries' products used in non-residential locations and assumes typical single-shift workday use with nominal care by the end-customer. Our warranty only applies to new products sold through Nevers Industries' authorized extended sales distribution network in North America. Our warranty is non-transferable from the original purchasing entity or individual owner.

Product options supported installed features, and any other ancillary systems and parts, whether provided by Nevers Industries or supplied by the customer, carry their own manufacturer's or distributor's warranties. These items may include, but are not limited to, natural and engineered stone tops and inlays, metal bases, height-adjustment systems, decorative signage, glass tops or transaction accents, electrical power systems, and/or lighting systems.

In the event of making a warranty claim, it is up to the customer to notify Nevers Industries as soon as possible. Nevers Industries reserves the right to examine the warranty claim and provide an appropriate response. Nevers Industries will then, as our sole obligation, either repair or replace parts, materials, components or other directly associated systems provided by Nevers Industries and any other approved incurred expenses due to the warranty issue. In the case of irreplaceable custom materials, unique processes or vendor-supplied components no longer supported, we will provide alternate, yet equal, solutions.

Any structural modification, dismantling and reinstalling, or improper use or storage of our products may void the warranty. Similarly, failure to control the expressed limits of temperature, humidity, or ambient lighting exposure throughout the life of Nevers Industries products may influence any potential indemnity and/or void our warranty. Additionally, our warranty does not cover: damage during shipping caused by a freight carrier; uncontrollable natural variances in wood grain or texture, finish hue or color; and damage from excessive wear (such as, but not limited to, singular or repetitive scratching or denting from jewelry, writing instruments or other such hard objects), misuse, negligence or modification on the part of the customer.

Nevers Industries herein extends no other warranties, expressed, depicted, or implied, including warranty of merchantability or fitness for a particular purpose. Nevers Industries shall not be liable for loss of time, inconvenience, commercial loss, incidental or consequential damages. No warranties other than those contained herein will be implied and Nevers Industries, Inc. does not authorize any person to create any warranties other than those contained herein.

General Specifications

Wood Veneers

Nevers® products are manufactured primarily of Plain Sliced Mahogany, Walnut, Oak, Cherry, Paldao and Maple. Other woods may be specified. Please contact Nevers Industries for price and availability. Veneer panels are laid up with plain sliced faces and are balanced on back to minimize warping and balance stresses.

Wood Surface Cleaning

Wood furniture should be cleaned with a damp, soft cloth, wiping in the direction of the wood grain. Wood surface should then be dried with a dry, soft cloth. Monthly, wood surfaces should be cleaned with a soft cloth using a quality wood cleaner. Following cleaners' directions, slightly dampen soft cloth and wipe in direction of wood grain. Dry the wood surface with a dry, soft cloth. Ammonia or any type of oil should be avoided.

Standard Wood Finishes

Nevers' standard finish is a multi-step process involving dyes, stain, sealer, toner, and lacquer. For added protection and durability, the final topcoat on all tabletops is catalyzed lacquer. All finishes have been formulated for maximum clarity to enhance the natural characteristics of each wood species. Standard finish is open pore. Semi-filled and filled finishes require an upcharge and may extend the lead time. Please contact Nevers Industries for price and delivery date.

Custom Wood Stains and Finishes

Virtually any wood finish or color sample can be matched to your specifications. A finish sample or stain sample is required from the customer before the process of matching approval can begin. The upcharge for custom finishes varies with the type of finish and with the quantity ordered.

Levels (Types) of Stain to Match Sample (STM) Requests

A "Custom Color only" Sample basis Standard NI Veneers and Standard Finish (20-degree satin, open pore)

- \$250 Pre-Contract
- N/C Post Contract
- Lead Time 5 - 7 business days

B "Custom Sheen" and "Custom Color" Sample basis anything other than NI Standard Topcoat (20-degree satin, open pore)

- \$500 Pre-Contract
- TBD Post Contract
- Lead Time 7 - 10 business days

C Add Alt: "Custom Veneer Spec" (Add to either "A" or "B" as applicable) basis requiring any veneer spec other than NI Standard (species or cut or matching)

- \$250 Pre-Contract
- TBD Post Contract
- Lead Time 14 business days

Costs are applicable per # of samples requested. Costs based on ground shipping only from Nevers Industries. Customer may opt for faster shipping at own cost. Costs to customer are refundable upon receipt of a project PO, payable as a discount on final order.

Note: COLOR VARIATION WILL OCCUR IN THE GRAIN OF ALL WOOD SPECIES.

This is an inherent characteristic caused by the annual growth rings found in all hardwoods and the way the boards and veneers are cut across these growth rings. In some species, this color variation is very subtle. In other species this color variation is obvious and at times radical.

The process of finishing hardwood veneers determines whether these variations are enhanced or subdued. Natural finishes will show color variations in the grain and enhance the beauty of the wood to its fullest extent. Other stains and finishes tend to blend in these variations to some extent dependent upon the depth of color and the method of application.

Standard Laminates

Standard, non-premium Wilsonart, Formica, Nevamar, and Pionite Laminates

Custom Laminates

Any commercially available laminate may be specified. Most custom laminate orders may extend the standard delivery date.

Electrical System General Information

Power In-Feed

Power in-feed brings electricity from the building's power source through the table base and plugs into either end of the PVD channel. Nevers offers two types of power in-feed.

Single Circuit Plug In - Activates only Circuit I and plugs into a standard 120-v/20-Amp outlet. The maximum quantity of duplexes that Nevers ships per circuit is 8.

Multi Circuit Hardwire - Activates all four circuits and has a 6' Liquid Tight conduit. This must be installed by a certified electrician.

The Multi Circuit Hardwire electrical system is an 8 wire 4 circuit modular system. It is listed as a manufacturers' wiring system under UL standard 183. The system can be hard-wired in both single and three phase configurations 120/240V and 120/208V respectively. Circuit I, II, and III share a neutral and a ground. Circuit IV is isolated and dedicated. Always check local codes for restrictions.

Delivery of the electrical power from the floor to the table is provided directly through any base leg or through the panel base.

While it is not required of you to specify the number of duplexes for each circuit, you may certainly do so if the installation requires this. Simply list on the order the quantity of duplexes required for Circuits I, II and III and the quantity of duplexes required for dedicated isolated Circuit IV. If you have any questions regarding Power/Voice/Data, please call our customer service department at 1.800.242.2443.

See the following pages for the base location guide and for the quantity of electrical outlets and voice/data outlets that are supplied per table.

Base Location Guide

Base Location Guide Eventi Articulating Tables

All wire management for the Articulating Tables is handled through the fixed end base. The base footplate is 24" diameter and the center point of the base is located 24" from the end of the table. On Articulating Tables with fixed Boat end the base center point is located 24" from the end of the table.

Base Location Guide Eventi Modular Tables

Wire management for the Modular Tables is handled through any of the round top bases. The base footplate is 24" diameter and is centered on the 36" diameter round top.

Base Location Guide Eventi Conference Tables

Table Size	Base Numbers	1st Base	2nd Base	3 rd Base	4th Base	5th Base	6th Base	7th Base	8th Base
8	2	24	72						
10	3	24	60	96					
12	3	24	72	120					
14	4	24	60	108	144				
16	4	24	72	120	168				
18	5	24	60	108	156	192			
20	5	24	72	120	168	216			
22	6	24	60	108	156	204	248		
24	6	24	72	120	168	216	264		
26	7	24	60	108	156	204	252	288	
28	7	24	72	120	168	216	264	312	
30	8	24	60	108	156	204	252	300	336

All measurements are on center line of tabletop from either end of table. For tables with column base on ends allow for the 24" circular footplate for the first and last bases.

Base Location Guide Eventi Conference Tables

Table Size	Base Numbers	1st Base	2nd Base	3 rd Base	4th Base	5th Base	6th Base	7th Base	8th Base
13	4	24	60	108	138				
15	4	24	72	120	168				
17	5	24	60	108	156	186			
19	5	24	72	120	168	210			
21	6	24	60	108	156	204	242		
23	6	24	72	120	168	216	258		
25	7	24	60	108	156	204	252	282

29	8	24	60	108	156	204	252	300	330

All measurements are on center line of tabletop from the ellipse or round end. For tables with column base on ends allow for the 24" circular footplate for the first and last bases.

Eventi Collection Features and Benefits

Introduction

The Power to Change. That is the reason Nevers created the Eventi Collection. Our mutual customers' new requirements today are for meeting, conference and Training rooms that are designed for productivity. That means — multipurpose, cross functional, movable and equipped to handle today's technology for power/voice/data and audio visual. The Eventi Collection is designed to accommodate all the functions that are required of today's productive meeting rooms.

Eventi by Nevers also has the power to change the way a room is perceived. Every business has its own culture and requirements for the perception it wishes to project, both internally and externally. With the Eventi Collection, design needn't be conflicting interests in meeting room planning. The Eventi line makes beautiful, functional and cohesive design possible throughout the workplace, with varying degrees of design emphasis made where necessary. One line of furniture, with levels that fit every need and use — from corporate functions, to executive presentation, to general conference to small meeting room — Eventi covers it all.

Eventi by Nevers was created to be customized. This allows you the power to change sizes, color, shapes and materials — and so does Eventi. With Eventi you can choose from a wide range of materials and surfaces. Eventi's unique design was created for unlimited customization options. Choose from wood, glass, metal, stone and more — offering an incredible array of design versatility.

Eventi Tables

Eventi Articulating Tables

Eventi articulating tables are designed to transform any room for any function. One end of the table is fixed. The side extensions are attached to this end with a pivot and the bases are on casters. The hidden metal subframe and pivot allow the side extensions to easily roll and arc outward into the extended position. The articulating table transforms from solid table, to open presentation space, to multimedia viewing. A room with an Eventi articulating table is not simply a boardroom, a conference room, a meeting room or a training room. It can be all of them.

Eventi Conference Tables

Eventi conference table's exclusive modular design was created not only to make a progressive statement but to also compliment today's architectural designs and the materials being used. The segmented design of the Eventi conference tabletops allows unlimited combinations of wood, metal, glass, stone and more. The plateau is part of the edge detail, and because it is finished in color coat, adds an additional design element on its own. The hidden metal chassis is steel tubing that connects the segmented tops and the bases together into a complete, solid table. Combine this with the multiple base choices and the various shapes and sizes, and you have the flexibility to complement and enhance any of today's building designs.

Eventi Dué Tables

With the addition of Eventi Dué tables, design and budget are no longer conflicting interests in meeting room planning. All the basic design elements that define Eventi have been carried into the Dué tables — multiple bases, edge details, wood and color choices. The functional elements have also been maintained — executive conference, video conference, multimedia presentation, training. Eventi Dué tables are designed with standard (non-segmented) tabletops. Optional design details of plateau and inlay allow you to maintain cohesive design throughout the workplace. The small meeting room tables use the same base components scaled to a T-leg configuration. Eventi and Eventi Dué — one line of furniture with levels that fit every need and use.

Eventi Visual Products & Casegoods

Visual products and casegoods complete the productivity requirements of today's meeting, conference, and training rooms. From the seemingly insignificant stocking of proper meeting room supplies, to interactive writing boards, to full-wall multimedia presentation cabinets, Eventi handles all the details that create a dynamic, productive meeting room environment!

How to Order

Please Specify:

1. Model Number
2. Modesty Panel Code
 - a. Half Modesty Panel - 00 (12" vertical grain)
 - b. Full Modesty Panel - 01 (Vertical grain)
3. Wood Species and Color
 - a. See Eventi Color Index: Page 6
4. Plateau Color coat Color
 - a. Silver Fog - C1
 - b. Shadow Grey - C2
5. Metal color for Base and PVD Cover
 - a. Platinum - M1
 - b. Shadow Grey - M2
6. Microphone Cutout
 - a. No cutouts - T0
 - b. Microphone Cutouts - T1 | Per cutout ea. \$238.70
 - c. Location must be approved by Nevers
7. Optional* Power/Voice/Data (Model PX)
 - a. Specified Power Infeed Type
 - Single Circuit Plug In - P1
 - Four (4) Circuit Hardwire - P2
 - City of Chicago - P3
 - b. If required, specify quantity of duplexes of isolated Circuit IV
8. Optional* Wood Panel for Single Source Infeed of electrical, voice, data and AV infeeds. Includes removable access panel and full modesty panel face II - \$2,687.30

*Functional Seating Capacity based on a usable work surface width of 30".

**Two Circuits required.

Pre-Configured Meeting Link™ is an easy to specify system of Technology Centers preconfigured to a specific table size. Each Technology Center houses two Electrical Outlets and three Universal Data Plates. The data plates are easily removed to allow for insertion of up to 6 voice, data or AV connectors per Technology Center. The channel also has a Kensington lock attachment capability.

The Technology Centers are mounted under the tabletop and are ganged to allow for a single source in-feed of the electrical, voice, data and av connections. The electrical in-feed may be specified as either hard wired or soft cord plug in.

How to Order

Please Specify:

1. Model Number
2. Door Type
 - a. a. Wood Door -WE
 - b. b. Metal Door -MT Platinum or
 - c. c. Shadow Grey
 - d. d. If door type is not specified, -MT is shipped in platinum color.
3. Power In-feed Type
 - a. a. Soft Cord Plug In -PI
 - b. b. Hard Wire -HW
 - c. c. City Chicago -CI

Technology Centers for Customizing Meeting Link™ Capacities

12"L x 6"W

Please note - location drawing required*

Model Number	Voice Data and AV Port Capacity	Electrical Outlets	List Price
R/PV5/AA	7	2	\$1,071

*When ordering Customized Meeting Link™, a drawing of the tabletop with the location of each Technology Center is required. If ordering multiple Technology Centers for 1 table, specify on drawing if ganging is required, maximum 12 per circuit. For additional assistance in specifying/ordering Technology Centers, please contact customer service at 800.242.2443.

Price Includes PV5 Extrusion Panel

How to Order Please Specify:

1. Model Number with Tabletop Code/Table Base Code
2. Tabletop Color - see page 5
 - a. Ends - Wood color or Color coat color
 - b. Middle - Wood color
3. Plateau Color coat color
 - a. Silver Fog - C1
 - b. Shadow Grey - C2
4. Metal Color for PVD Cover, Legs and Footplate
 - a. Platinum - M1
 - b. Shadow Grey - M2
5. Optional Glass and Stone Ends
 - a. Glass Top Ends - Call for Pricing
 - b. Stone Top Ends - Call for Pricing
 - c. Specify Stone Color - Contact for More Information

6. Optional* Power/Voice/Data
 PVD without lights - 01
- a. For either option specify Power Infeed Type
 - Single Circuit Plug In - P1
 - Four (4) Circuit Hardwire - P2
 - City of Chicago - P3
 - b. If required, specify quantity of duplexes on isolated Circuit IV

*Tables ordered without the PVD option ship as standard with the PVD cover.
 This allows the tables to be field upgraded to Power/Voice/Data later.

EVENTI Dué Tables

Eventi Dué Tables

With the addition of Eventi Dué Tables, design and budget are no longer conflicting interests in Meeting Room planning. All the basic design elements that define Eventi have been carried into the Dué Tables: multiple bases, edge details, wood and color choices. The functional elements have also been maintained - executive conference, video conference, multimedia presentation, and training. Eventi Dué tables are designed with standard (non-segmented) tabletops. Optional design details of plateau and inlay allow you to maintain cohesive design throughout the workplace. The small meeting room tables use the same base components scaled to a T-leg configuration. Eventi and Eventi Dué—one line of furniture with levels that fit every need and use.

Nevers Meeting Link™ for Articulating Tables

Preconfigured Meeting Link™ System 5
 Technology Center Dimensions: 12"L x 6"W

Table Length	Model Number	Functional Seating Capacity*	Tech Centers**	Electrical Outlets	List Price
12'	R/PV5/05	9	5	9	\$5,357
14'	R/PV5/05	9	7	14	\$5,357
16'	R/PV5/07	14	7	14	\$7,500
18'	R/PV5/07	16	9	18	\$7,500
20'	R/PV5/09	18	9	18	\$9,643

** Each Technology Center has capacity for up to 6 voice, data or av connectors.

Pre-Configured Meeting Link™ is an easy to specify system of Technology Centers preconfigured to a specific table size. Each Technology Center houses two electrical outlets and three universal data plates. The data plates are easily removed to allow for insertion of up to 6 voice, data or AV connectors per Technology Center. The channel also has a Kensington lock attachment capability.

The Technology Centers are mounted under the tabletop and are ganged to allow for a single source in-feed of the electrical, voice, data and AV connections. The electrical in-feed may be specified as either hard wired or soft cord plug in.

Model Number	Voice Data and AV Port Capacity	Electrical Outlets	List Price	How to Order
R/PV5/AA	7	2	\$1,071	See above

*When ordering Customized Meeting Link™, a drawing of the tabletop with the location of each Technology Center is required. If ordering multiple Technology Centers for 1 table, specify on drawing if ganging is required, maximum 12 per circuit. For additional assistance in specifying/ordering Technology Centers, please contact customer service at 800.242.2443.

4. 4. Unit is UL and CSA listed

Visual Board and Conference Room Casegoods General Features

Visual Boards

Eventi Visual Board veneer doors are 3-ply construction and are balanced on back to minimize warping and to balance natural stresses. Face veneers are Nevers Custom "A" grade and are laid up to Nevers custom specifications for book match and center match. This is done to assure design balance.

Doors are framed with 3/16" x 1-1/4" solid hardwood in a Nevers custom hardwood specification. This creates a finished design look inside the doors with a wood frame that trims the fabric tackboard panels. A fully enclosed, pull down projection screen is included as standard with all Eventi Visual Boards.

PORCELAIN ON STEEL WRITING SURFACES

The writing surface on Eventi Visual Boards is the highest performing surface that is available. It is porcelain on steel and is the only surface that is guaranteed to not chip, ghost or scratch for the life of the product. This writing surface can also be used occasionally as a projection surface with a minimum of glare or 'hot spots.' This allows for notes or markups to be done on projected images.

CLEANING

The only requirement for maintaining the porcelain writing surface is to periodically clean with Expo White Board cleaner. If at any time, you notice any ghosting, it is time to clean the surface. Replace the felt erasers when they no longer erase cleanly or you notice excess residue from the dry-erase pens.

Visual Board and Conference Room Casegoods General Features

Conference Room Casegoods

Eventi credenzas and other casegoods veneer panels are 3-ply construction and are balanced on back to minimize warping and to balance natural stresses. Face veneers are Nevers Custom "A" grade and are laid up to Nevers custom specifications for book match and center match. This is done to assure design balance.

OPTIONAL GLASS TOPS

Glass tops are 1 cm (3/8") tempered glass and are etched on the bottom side.

OPTIONAL STONE TOPS

Stone tops are 2 cm (3/4") with a 93% quartz content.

GLASS DOORS (CASEGOODS ONLY)

Glass doors are 5mm tempered glass and are etched on the back. Door frame is aluminum.

Visual Boards
